IL

Zip Code

60416

Emergency Purchase Details

Emergency Category (Click List Box to re-select the appropriate option(s)).

Involving threat to public health or public safety

Immediate expenditure is necessary for repairs to State property to protect against further loss or damage

Reason for selection of this particular contractor/vendor:

3 qualified contractors were requested to review the plans and submit a bid for the work. Due to the short time frame and amount of work, only one contract was able to commit to completing the work in the required time frame. Due to the on-going closure of a portion of the ramp, and the resulting traffic congestion, the need to get the repairs completed and the ramp reopened did not allow for additional contractors to be invited to bid.

Description of services and/or supplies to be provided:

Repairs to the mechanically stabilized earth (MSE) retaining wall located on the south side of the I-55 EB ramp to Damen/Ashland Ave in the City of Chicago, Cook County. This work will include Soil Anchors, grouting of the voids, drainage system repairs, joint sealing, pavement patching as well as various striping and other work necessary to complete the repairs.

Is there an existing State contract available for the required services and/or supplies?

☐ Yes

☒ No

Expected Start Date

10/20/25

Expected End Date

01/17/26

Amount of this expenditure is

\$4,500,000.00

Actual or Estimated
