Emergency Category (Click List Box to re-select the appropriate option(s)).

Involving threat to public health or public safety
Immediate expenditure is necessary for repairs to State property to protect against further loss or damage

Reason for selection of this particular contractor/vendor:

The contractor has the proper tools and knowledge to be able to efficiently and safely cut and remove the damaged sign truss materials as well respond immediately.

Description of services and/or supplies to be provided:

The district is requesting use of the emergency process to hire a contractor to disassemble and remove a damaged sign truss structure which was struck by a passing hauling truck with its bed elevated causing the entire structure to fall onto WB I-64 and causing a full closure of the roadway for multiple hours and during morning rush hour traffic. This closure created significant traffic delays for motorists and immediate assistance from the contractor is necessary to open I-64 as soon as possible. Contractor services are needed to cut damaged sign truss structural elements, disassemble the structure, remove damaged signs and end supports, and haul damaged elements off site to avoid posing a safety hazard to motorists and preserve the evidence for possible future litigations and/or claims.

Is there an existing State contract available for the required services and/or supplies? Yes No
