Emergency Purchase Details

Emergency Category *(Click List Box to re-select the appropriate option(s)).*

Immediate expenditure is necessary for repairs to State property to protect against further loss or damage
Involving threat to public health or public safety

Reason for selection of this particular contractor/vendor:

Brown Electric was the original installer of the lights on this bridge thus most familiar with the current configuration. They were also available to immediately respond.

Description of services and/or supplies to be provided:

On Sept 19th the Coast Guard notified IDOT that all lights were out on the bridge that carries I-57 over the Mississippi River. After reviewing all of the normal issues we could not identify the problem. Brown Electric was able to assess the issue and will be providing the parts and labor to repair the navigational lights. This will include reinstalling conduit that has come loose due to vibration that wore mounting hole of the strap causing failure.
