Subject:

14-1 -DPIT Multi-State Locomotive Change Order

SPO Determination on Recommendation

As the State Purchasing Officer for the Illinois Department of Transportation, I offer the following.

I concur with the Department's recommendation of its intention to amend the Multi-State Locomotive/14-1-DPIT Contract to Siemens Mobility. The change creates a hardware change (overspeed selector switch) and a software modification to the state owned Charger locomotives in order to help reduce the speed limit when the locomotive is in ITCS (Incremental Train Control System) territory, a form of Positive Train Control (PTC), which is an FRA requirement.

Vendor Name	Award Amount
Siemens Mobility	\$145,798.93
