Subject: Passenger Railcars / 75A0362 Change Order SPO Determination on Recommendation

As the State Purchasing Officer for the Illinois Department of Transportation, I offer the following.

I concur with the Department's recommendation of its intention to amend the Passenger Railcars/75A0362 Contract with Sumitomo Corporation of Americas. The change allows for the installation of antennas and cables on all 54 coach cars during production. This hardware installation will allow IDOT railcars to be ready for future installation of passenger WI-FI service. In addition, installing this hardware during production will allow the required water tests to be performed without any delay in railcar delivery.

Vendor Name	Award Amount
Sumitomo Corporations of Americas	\$746,506.20
