**2.2 TYPE OF PRICING:** The Illinois Office of the Comptroller requires the State to indicate whether the contract value is firm or estimated at the time it is submitted for obligation. The total value of this contract is estimated.

**2.3 EXPENSES ALLOWED:** Expenses **are not** allowed.

**2.4 DISCOUNT:** The State may receive a 0 % discount for payment within n/a days of receipt of correct invoice. This discount will not be a factor in making the award.

**2.5 VENDOR'S PRICING:** Attach additional pages if necessary or if the format of pricing specified above in Section 2.1 requires additional pages.

2.5.1. Vendor's Price for the Initial Term: [Click here to enter text](#)

2.5.2. Renewal Compensation: If the contract is renewed, the price shall be at the same rate as for the initial term unless a different compensation or formula for determining the renewal compensation is stated in this section.

2.5.2.1. Agency Formula for Determining Renewal Compensation:

**Economic Adjustment Clause:** All price adjustments (increases or decreases) shall be calculated automatically prior to renewal and the vendor shall not be entitled to apply the price adjustment until such renewal term becomes effective. For the first renewal term, the price adjustment shall be determined by the percent change of [a] the average of the index values for the twelve months prior to the month in which the bid opening occurs to [b] the average of a similar twelve month period prior to the renewal date. The index rate will be (insert description here) as published by the United States Department of Labor, Bureau of Labor Statistics on their website. For example, if the bid opening date occurs in April 2017, then the base index value will be the average of then-published values for the period from April 2016 through March 2017. For the first renewal only, the percent change would then be calculated based on the twelve month average of index rates for the period from April 2018 through March 2019. The calculation for

subsequent renewals will be based on a similar twelve month period (from the prior April to the following March) compared to the same twelve month period one year prior. The most recent published index values for the corresponding periods at the time of the adjustment shall be used in calculation of the percent change. The calculated percent change shall be applied to the contract Survey Equipment and Field Supplies prices and the new contract prices shall be determined accordingly. If the vendor has unresolved complaints filed against them for non-delivery or poor quality, the application of the price adjustment may be denied or deferred until which time all past complaints are resolved.

Economic Adjustment Clause can only be applied to initiation of each Renewal Term, Initial Term pricing is not subject to Economic Adjustment Clause. See Renewal Section of Contract.

If not cured by that date the State may either: (a) immediately terminate the contract without additional written notice or (b) enforce the terms and conditions of the contract.

- 3.5 AVAILABILITY OF APPROPRIATION:** This contract is contingent upon and subject to the availability of funds. The State, at its sole option, may terminate or suspend this contract, in whole or in part, without penalty or further payment being required, if (1) the Illinois General Assembly or the federal funding source fails to make an appropriation sufficient to pay such obligation, or if funds needed are insufficient for any reason (30 ILCS 500/20-60), (2) the Governor decreases the Agency's funding by reserving some or all of the Agency's appropriation(s) pursuant to power delegated to the Governor by the Illinois General Assembly, or (3) the Agency determines, in its sole discretion or as directed by the Office of the Governor, that a reduction is necessary or advisable based upon actual or projected budgetary considerations. The Vendor or subcontractors shall not impose a charge for audit or examination of the Vendor's or subcontractor's books and records. 30 ILCS 500/20-65.

Bidders that are a party to a contract with a bona fide labor organization are exempt from this requirement.

The bidder assures that, for the duration of this contract it will post its employment vacancies in Illinois and border states on the Department of Employment Security's IllinoisJobLink.com website; or will provide an online link to these employment vacancies so that this link is accessible through the IllinoisJobLink.com website; or is exempt from 20 ILCS 1005/1005-47 because bidder is a party to a contract with a bona fide labor organization.
