**RESPONSES TO QUESTIONS FROM POTENTIAL RESPONDENTS**

NO.	DATE	DOCUMENT	SECTION	QUESTION	IDOT RESPONSE
1.	11/26/2024	RFQ	Part A, Section 5.1	Are interested development teams required to respond to the RFQ/RFC by November 29 in order to be considered going forward in the RFP process?	Potential Respondents are not required to respond to the RFQ by November 29 to submit an SOQ or to be considered for the RFP Phase. The November 29 deadline is to (1) sign up for the one-on-one meetings being held in January, and (2) submit questions to be discussed at the January one-on-one meetings. IDOT retains discretion to hold one-on-one meetings with potential Respondents even after the November 29 deadline to request a meeting has passed. While IDOT encourages potential Respondents to participate in one-on-one meetings to learn more about the Project, participation in one-on-one meetings is not required to submit an SOQ. Potential Respondents can submit questions until May 23, 2025, and the SOQ is due on July 24, 2025. Please refer to the Project Schedule in Part A, Section 5.3 of the RFQ for additional key dates.
2.	11/26/2024	RFQ	Part A, Section 5.6	Will IDOT provide a virtual option for one-on-one meetings?	IDOT will hold one-on-one meetings in-person in Chicago, and there is not a virtual meeting option. IDOT appreciates the time and effort potential Respondents expend in attending one-on-one meetings in person.
